## Which landscape services are you seeking? (check all that apply)

☐ Free @VVN Consultation ☐ On-Site Consultation ☐ Site Plan ☐ Professional Installation ☐ Maintenance

## What areas of your property would you like to work on?

**What are your primary goals?** Do you have specific tasks in mind? (note things like creating privacy, replacing or removing hardscaping or existing landscaping, planting for pollinators and increasing native plantings, etc.)

**Are there any existing features you would like to incorporate into the new design?** (garden structures, patios and walks, mature plant material, etc.)

**Are there any problem areas on your property** like poor drainage, lack of privacy, overgrown trees, uneven pavement or other issues that need to be addressed?

**Are there any known obstacles** such as utility lines or easements, or specific challenges like destructive pets, or hungry wildlife?

**Do you have a budget for your project?** We can provide a realistic range once we understand your project.

**Do you have a specific date the project needs to be completed by?**

**Do you anticipate completing your landscape project all at once or in phases?**

## Who will do the installation?

☐ I'll do all the work! ☐ I can do some of the work. ☐ Professional installation, please.

**How will the landscape be maintained?** Do you like working in your yard or would you prefer to have a landscape as low maintenance as possible? Will you need us to help maintain your landscape?

☐ I love the work! ☐ I can do some of the work. ☐ I want professional maintenance.

**MORE>>>**

**What design style do you prefer?** You can choose more than one!

- ☐ Formal (symmetrical, traditional) ☐ Natural (curvilinear, flowing, wild) ☐ Contemporary (clean, simple)  
☐ Japanese ☐ Desert ☐ Edible ☐ Native Plants, Butterflies & Pollinators

**Please list any plants, colors, or other features you would like us to incorporate.**

**Please list any plants, colors, or other features you would like us to avoid.**

**Do you have any H.O.A. restrictions or other requirements?**

**Do you need a lot of lawn or would you like a lawn alternative or minimized lawn area?**

**What types of new hardscape features, if any, would you like to incorporate,** such as patios, walkways, retaining walls, fencing, deck, fire pits and terraces?

**We work with subcontractors or refer you** to other companies for work we don't provide, but we can still incorporate them into your landscape design. Below are some of the common outdoor features. Are you interested in including any of the following in your project?

- ☐ Outdoor Kitchen ☐ Garden Structure (storage or potting shed, chicken coop, dog run, gazebo)  
☐ Woodwork (e.g. fencing, arbor, pergola, trellis, deck) ☐ Irrigation/ Sprinkler System  
☐ Lighting ☐ Water Feature (fountain, pond, swimming pool, hot tub)

**A property survey** showing the house, driveway, and property lines, and construction drawings save time. Please provide copies at your consultation or email them to us at [experts@vinlandvalleynurse.com](mailto:experts@vinlandvalleynurse.com).

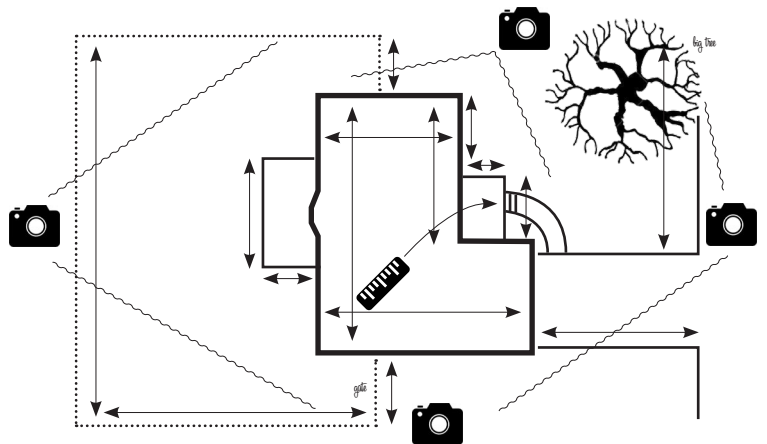

---

**For free consultations at VVN**, if you don't have access to architectural drawings or surveys, please make us a simple sketch with rough measurements (see example).

Bring photos. Be sure to take close ups and wide shots from all directions and include the house and other structures so that we can make good choices on facade planting heights, etc. You can email them ahead of time rather than printing.

Note important details like A/C units and other existing permanent structures, walls, etc that will need to be designed around.

Watch the sun and note available light throughout the landscape and jot down which direction your home is facing.

**Any further insight** you can provide will assist us in developing the perfect landscape design for you. Pinterest boards or websites that show your dream landscape or certain features you would like to have on your property are very helpful.
